

## 20 ARE HURT IN DERAILMENT OF TRAIN IN IDAHO

Seven Cars Leave Track; None  
of Injured Believed  
Fatally Hurt.

SALT LAKE CITY, Utah, July 31.—Eight passengers and one trainman were injured seriously and twelve to seventeen passengers were injured slightly when seven cars and an engine of the Great Salt Lake Short Line railroad were derailed near Downey, about 15 miles south of Pocatello today, said an official report of the accident, given out at the railroad headquarters here.

None of the injured are expected to die, the report said. All but three have been taken to Pocatello for treatment. Traffic will be halted at the wreck until about 7 p. m.

Seven Cars Overturned.  
Pocatello, Idaho, July 31.—Train No. 22, Butte-Salt Lake express, was derailed at Downey, a small station on the Oregon Short Line south of here at 4:45 this morning. The train was a double header in charge of conductor Krenner and engineers Thompson and Brennan. One Pullman remained on the track.

No one was killed but many were injured, and a special train conveying physicians and trained nurses from three local hospitals left at 7:15 a. m. for the scene of the wreck. Specials with medical supplies and blankets accompanied the train. Wrecking crews from both Pocatello and Salt Lake also proceeded to the scene, which is 44 miles from Pocatello.

The train consisted of two engines, a mail car, two baggage cars, an express car, two coaches, a diner and a Pullman. The first engine got over the wreck. The second engine left the track, but remained upright, seven cars, all but the Pullman turned over.

## TEETH CAVALRY HAS A GALLANT RECORD AS FIGHTING ARMY UNIT

FORT HUACHUCA, Ariz., July 31.—The 10th cavalry celebrated the 15th anniversary of the organization of the regiment by holding a pageant of various events connected with history of the regiment. The affair was in charge of Col. George F. White. Among the scenes enacted were the following: The first engagement of the 10th cavalry had with hostile Indians at Salina river, Kansas, in 1871; the winter campaign of 1881 under Sheridan against Black Kettle's Cheyennes; the fight at San Juan hill; various engagements in the Philippines; the attack on Carrizal and a demonstration of the work of the modern soldier. During the pageant the original regimental colors that were carried up San Juan hill were used, as well as a native flag captured in the Philippines in an engagement that cost the natives over 100 lives.

Organized in 1868.  
The organization of the 10th cavalry was authorized by act of congress approved the 25th day of July, 1868, and the first step toward the creation of the regiment was the order issued by Gen. William T. Sherman, then commander of the Department of the Missouri, designating Fort Leavenworth, Kansas, as the headquarters and rendezvous of the regiment.

About the first day of August, 1867, while the regiment was engaged in protesting construction of the Kansas Pacific railroad, it had its initial engagement with hostile Indians at Salina river, Kansas.

During 1867-68 the regiment participated in the winter campaign of the 10th cavalry against Black Kettle's band of Cheyennes. On September 13, 1868, the troops of the 10th cavalry arrived at the island in the Republics river, Kansas, where Col. Forsyth and his men were engaged in and in imminent danger of destruction by hostile Indians and rescued Col. Forsyth. On October 14, 1868, Capt. Louis H. Carpenter, in command of troops H. fought an engagement with hostile Indians at Beaver Creek, Indian territory, for which the officers and men were thanked by Gen. Sheridan in a general field order and awarded the congressional medal of honor.

Indian Fighting.  
During 1883 the 10th cavalry moved from Texas to the Indian Territory, where it fought against Black Kettle's band of Cheyennes, an old Indian village, where the regiment built a mill race, where the Indians became Fort Sill. From this point many detachments were sent out to break up various bands of hostile Indians and skirmishes were a frequent occurrence.

During 1874 four troops of the 10th defended Fort Sill against a determined attack of Kiowa Indians; this

## RE CAVALRY ARRIVES AT GERMAN LINE

Polish Army 'Destroyed' Claim  
of Soviets; Allied Mission  
Starts Work.

PARIS, France, July 31.—(By the Associated Press)—Bolshevik cavalry forces have advanced to the east Prussian frontier, according to a report from the French military mission in Warsaw to the French foreign office. The Bolshevik line extends from Suwalki 100 miles northwest of Grodno, more than 80 miles to a point almost directly north of Warsaw.

The Bolsheviks have not actually crossed the borders of Allenstein and Marienwerder, but are fraternizing with the Germans, and Bolsheviks are negotiating at Suwalki. The northern wing of the Bolshevik army now is marching toward the east from the north as well as from the east. The Bolsheviks now are 25 miles south-west of Suwalki.

The allied troops in Allenstein and Marienwerder, which are mostly French, will be held there until the situation clears, although their basic duties have been completed.

Haller Made Commander.  
Gen. Roman, commander of the first Polish army, which suffered most severely in the vital region north-east of Warsaw, has been named as Gen. Joseph Haller, who has been given supreme command of the northern group.

The advancement of Gen. Haller, who commanded the Polish divisions in France, is being organized. The first step in the reorganization of the Polish army, which was begun by the Anglo-French mission yesterday.

On the Galician front a Polish counter-offensive is being organized. Three Polish armistice delegates left Warsaw yesterday. They are Gen. Jan Bolechowski, who negotiated successfully with the Bolsheviks at Murnansk, and M. Wroblewski, chief of the council.

Polish Morale Suffered.  
Finland and the Russian soviet government have resumed the Dnieper campaign over several districts, which was broken off recently. The mission reports the morale of the Polish army during the last week because of the mission's arrival, news of munitions en route and the fact of allied support.

The mission states that only the Bolshevik cavalry now is effective, the infantry being demoralized. The capture by the Bolsheviks yesterday of Grodno, 75 miles southwest of Suwalki, also is reported by the mission.

Polish Army 'Destroyed'.  
Berlin, July 31.—A special dispatch to the Neue Berliner Zeitung from Lyck reports that the destruction and the accompanying loss of Polish army are now accomplished. The Russian, says the dispatch, have captured the forts at Osnawitz, Suwalki and Lomza and also are occupying Grodno and Suwalki, which are close to the east Prussian frontier.

The correspondent also reports that the Poles everywhere are retreating in panic. He says he had no difficulty in crossing the frontier as the border no longer exists.

A special dispatch from Lyck, Prussia, 100 miles north of the Russian frontier, reports that the Russian troops occupied Kono and Stawka on Thursday. The dispatch adds that no point has been reached by the Bolshevik forces approached upon the Lyck front.

The Russian troops apparently have not been informed of the armistice and are continuing the pursuit relentlessly.

RECLAMATION OFFICIALS MEET  
TO PLAN CLOSER COOPERATION

A joint committee of officials from Mexico and El Paso district reclamation services met here today to bring the adjoining states into closer cooperative action in those things concerning reclamation. The committee met at a meeting of reclamation officials at Las Cruces Friday.

Roland Harwood and Richard F. Burgess were named to represent the El Paso section, and H. H. Brook, of Las Cruces, as one of those to represent New Mexico. The other not having been selected. L. M. Lawson, project manager, is ex officio chairman of the committee.

Among other plans of the official is to be included an effort to have the legislature of New Mexico and Texas to enact legislation deemed desirable for both states in the common utilization of dam developments.

SONORA ENCOURAGING THE  
DEVELOPMENT OF ITS LANDS

Nogales, Ariz., July 31.—Alexander Strachan, one of the foremost tomato growers and dealers in Arizona and Sonora, has announced that he will plant in Sonora 500 acres of the 12,000-acre tract offered for sale in the Hermosillo district by the government of Sonora.

Other active areas are open in the Altar district and elsewhere, and the Sonora government is encouraging them at what is said to be unusually reasonable rates and terms in order that their development may be accomplished with as little delay as possible.

CONSUL DUE IN JUAREZ.  
Luis Montes de Oca, Mexican consul general here, who went to Chihuahua City, Thursday, to confer with provisional governor Abel Rodriguez, is scheduled to arrive in Juarez this afternoon. The object of the consul general's visit to the Chihuahua capital has not been made public.

RED CROSS HAS UNCLAIMED MAIL.  
The home service of the American Red Cross, located in the chamber of commerce building is trying to locate the following persons for whom government mail is being held unclaimed: William Jackson, William J. McSwain, Mrs. Marie E. MacKenzie, Thomas T. Priestley, Harry Grant, J. H. Sandridge, Lefroy Appleby, Oscar Guimier, John Doughty, Frank Barber, Ellis Raskner, Sam McDaniel, Louis Tenbrink.

### 2000 PERSONS SEE CALLES LEAVE FOR MEXICO CITY

Two thousand persons assembled at the Juarez depot yesterday evening for the departure of Gen. P. Llanos Calles for Mexico City. The personal escort of Gen. Calles rode upon the tops of the cars and the cars being filled with their horses.

Occupying the "Vera Cruz," the private car of Gen. Calles, were the members of his family, whom he came north to accompany to Mexico City, and Reed Hayes, El Paso correspondent for the Associated Press, who will accompany Gen. Calles as far as Torreon.

Now that the pacification of Villa has been accomplished, the reconstruction of Chihuahua, richer in natural resources than any state in Mexico, will be speedily effected, said Gen. Calles, upon leaving for south. In fact we have a number of acres which are irrigated from this source, and if Gen. Ignacio Zaragoza is elected governor of Chihuahua, and he will be elected, he has been pledged \$150,000 in private capital, which is to be employed in placing a dam across the Altar river, the state of Sonora. This will supply water to 50,000 acres in Chihuahua.

EASTERN CAPITAL BELIEVES  
MEXICO WILL SOON BE SAFE

Nogales, Ariz., July 31.—Nelson Rhodes, international lawyer and member of the United States and Rhodes, of which one member is James B. Garfield, son of the former president of the United States, is on his way to Sonora to inspect land holdings of the Simola land company, of which he is president. The company has properties approximately 1,500,000 acres on the west coast of Mexico and other large tracts in various sections of the Mexican republic.

"I am vastly encouraged by future prospects in Mexico, particularly on the west coast," said Rhodes. "The overthrow of the Carranza regime cannot, I think, be but beneficial to Mexico and to foreigners who have invested or expect to invest capital. I feel that such investors will be protected by the Mexican government, and that the election of Obregon as president will place Mexico on a permanent and stable business and political basis."

AMERICANS WILL MAN  
CANTU'S MACHINE GUNS

(Continued from page 1.)  
with several batteries of artillery and machine guns."

Americans Patrol Border.  
Plans for increasing the effectiveness of the military aerial patrol of the Mexican border between Tia Juana and Yuma were announced by officers of the state-first aerodrome, based at Bockwell field here.

The destroyer Waller left at noon for Manzanillo to relieve the destroyer Tingey, on patrol duty on the Mexican west coast. No disturbances have been reported by the Tingey, according to naval officers here. No radiograms bearing on the movement of Mexican troops have been received from the Tingey. It was announced.

AMERICAN AVIATOR WILL  
INSTRUCT MEXICAN FLYERS

Nogales, Ariz., July 31.—Lieut. Ralph O'Neill, third American ace, has been appointed instructor in aviation by Adolfo de la Huerta, provisional president of the republic of Mexico, according to announcements in Mexican newspapers reaching Nogales, Sonora. Officially Lieut. O'Neill has six German planes to his credit and unofficially was credited with 11 more.

## Early Showing New Fall Styles

THROUGHOUT the store next week, early showing of new fall styles will be made. Displays are unusually complete for this early in the season. Besides featuring fall styles, we remind our customers that end-of-the-season values are most attractive.

## The New Early Fall Fall Suits Dresses

FOR the woman who is traveling and wants something very new, which will be of service later on, as well as during the summer, there is just the suit she wants in this showing. These suits are shown in materials of serge, gabardine, tricotine, velour, sudeene, veldene, peach blossom, jersey, heather and yalana. The colors are navy, black, brown, Suchow, fawn, taupe, and Zanzibar. They are perfectly plain tailored, or braided and fur trimmed. The coats show the long ripple effect or box styles.

The prices are \$44.50, \$49.50, \$59.50, \$79.50 to \$195.00.

## Early Showing New Fall Coats

WHILE the number of coats shown is limited, the styles are correct forecasts for fall. They are shown in materials of velour, sudeene, Bolivia, evora, pomola, chameleone cord, and fur, with trimmings of mole, Australian opossum, Hudson seal and nutria. The colors are black, navy, tan, taupe, brown, Suchow and Copenhagen blue. The styles include full backs, belted and dolman models, priced at \$25, \$39.50, \$49.50 to \$195.00.

## Fashionable Furs

OUR display of fashionable furs is an item of greatest interest. Excellent quality is always the first consideration in any fur sold at The Popular. Everything from an inexpensive stole or scarf, which is thoroughly good, to the most luxurious expression of the furrier's art, will be found in this special showing.

We will gladly set aside for later delivery any fur you desire. A deposit, of course, is required for this service.

In coats you have choice of Hudson seal, both plain and with nutria, beaver or squirrel and ermine; nutria coats; natural pony with collar and cuffs of either nutria or opossum; black pony with collar and cuffs of opossum; coats of civet and muskrat.

Animal scarfs are shown in taupe, black, red and cross fur; taupe wolf and lynx.

Coats and capes are fashioned of squirrel, Japanese mink, Hudson seal and kelimsky.

Stoles made of Hudson seal, kelimsky, squirrel and lynx are in the display.

## New Autumn Hats

DAILY arrivals the past week enable us to offer a display of surpassing interest.

The Millinery Section should be the center of interest next week for women who are interested in the new fall styles. Hats of duvetyne, chiffon, panne velvet and beaver—all new and different—are in the early showing—exclusive model hats from Wurshaw, Cupid, Cecile, Salingier, Goldor, Rubin, Tenne, Gage and sport hats from Weyman.

As an introductory special, we offer exclusive Tenne model hats in duvetyne at the phenomenally low price of

## Girls' Own Shop-Hats

NEVER were styles in girls' hats so varied and so beautiful. There is the big hat with the bell-shaped crown; the small hat with the soft roll brim, and the strictly tailored model. And the trimmings are so different from anything we have ever shown—velvete, velours and dresden effects in silks are used in charming fashion.

## Extra Special Girls' Dresses

The past week has been one of great activity in the Girls' Own Shop, but there yet remains ample choice in summer merchandise which must be sold to make room for the new fall merchandise which is arriving on every train.

The dresses remaining, we have grouped into four lots. The different groups include organdies, voiles and ginghams in colors and color combinations, as well as white, and they are priced at

\$3.75, \$5, \$7.50 and \$10

## NEW WASH DRESSES

New wash dresses are fashioned of Peter Pan, poplin, Devonshire, linen, pique, chambray and the most exquisite French ginghams. The styles are more beautiful than ever, with entirely new touches of hand work in the trimmings. These new arrivals are for girls from 3 to 14 years of age. We will be glad to show them to you.

## NEW PARTY FROCKS

The new party frocks are exquisite in style and coloring. These are nets, chiffons, crepe de chimes and georgette in sizes 12 to 16 years in this new showing.

## CLEARANCE OF HATS

We have grouped all odds and ends in trimmed hats into two large groups, and offer them as an extra special at \$1.50 and \$2.45.

## Introducing New Fall Fabrics Silks & Woolens

NOW that the new fall season is at hand, we want to dwell briefly on the wonderfully successful season we have had in the Silk Section. We attribute this unusual business to three things:

1st—By alert merchandising, we were able to offer patrons silks at prices which were remarkably low.

2nd—Notwithstanding the reduced prices, all silks offered were of standard style and quality, and of approved weaves and shading.

3rd—Customers realized that in buying these silks, and having them made up, they practiced thrift. In fact, the silk values we offered enabled customers to save at least one-half on their summer wearing apparel.

## Now For Fall Business

THE success of our summer business has encouraged us to make still greater plans for this fall and winter. The new fall fabrics are arriving daily, and we cordially invite your inspection. We show nothing but the highest grade fabrics, and The Popular's guarantee of satisfaction goes with every yard we sell.

## New Fall Colors

Not in many a season has there been such a radical, such a wholly delightful color change. Last autumn we had all the henna and copper shades. This autumn the Chinese blue-greens hold the center of the color stage. Principal among these are Ming, Nanjing, Chetoo and Smokow.

The squirrel tones are in equal favor with the Chinese blue-greens, and in these you will find Moonstone, Siberian squirrel and Dryad. Last of all, but extremely important, are shown a series of browns with none of last season's red in them. Principal among these are Bedouin, Malay and Zanzibar.

## New Fall Silks

Below are listed some of the popular silk weaves for the coming fall:

Moos Glo Meteor  
Moos Glo Crepe
